Hi! Thanks you too, but for me it also doesn't work I was specifically trying to print a pdf without borders and my printer does not let me choose the borderless paper size. So I opened the pdf with preview, saved as described through printing via the borderless but save as pdf, and when I print the new pdf it still has the borders.

At first glance this topic might seem like an easy fix, but if you stop and think about it, there are few quick and easy methods for merging two or more PDF files. The desired end result is one PDF file that contains all of the information from the original two or more files without any noticeable breaks or ugly indications of a hack.
