History. The first recorded usage of the suffix *ism* as a separate word in its own right was in 1680. By the nineteenth century it was being used by Thomas Carlyle to signify a pre-packaged ideology. It was later used in this sense by such writers as Julian Huxley and George Bernard Shaw. In the United States of the mid-nineteenth century, the phrase "the isms" was used as a collective derogatory ...

Un isme est un concept, le plus souvent idéologique, dont le nom se termine par le suffixe *-isme*. [Le terme permet de regrouper et donc d'analyser ensemble des notions qui seraient normalement incomparables du fait de dispositions morales ou de préjugés sociaux, par exemple le marxisme et l'olympisme] : Les ismes relèvent de champs aussi variés que la science, l'art, l'économie ou la ...

Classification. The concept of institutional racism re-emerged in political discourse in the late and mid 1990s after a long hiatus, but has remained a contested concept that has been critiqued by multiple constituencies. Institutional racism is the differential access to the goods, services, and opportunities of society.

The discussion of the foibles and failures of modern art that appeared here two weeks ago was of course not the last word on that vast and intricate subject. This week I want to take the discussion further, starting from a deceptively simple question: what is art for? What's the point or purpose of all...
